PERSONAL DETAILS

- Date of Birth:** 08.01.2002
- Nationality:** Sri Lankan
- Languages:** Sinhala | English
- Availability:** Available for Internship / Entry-Level Opportunities
- Passport:** Available upon request

CORE COMPETENCIES & SOFT SKILLS

- Analytical & Problem-Solving Skills
- Critical Thinking
- Effective Communication
- Team Collaboration & Leadership
- Time Management & Task Prioritization
- Adaptability in Fast-Paced Environments
- Project Coordination & Agile Collaboration
- Continuous Learning Mindset

LAHIRU KITHSIRI

Full-Stack Developer | Software Engineering Undergraduate

PROFESSIONAL SUMMARY

Highly motivated and results-oriented Full-Stack Developer currently pursuing a Bachelor of Information Communication Technology (Honours) at Rajarata University of Sri Lanka. Equipped with strong academic foundations and practical project experience in full-stack web development, mobile development, database management, and cloud-integrated systems.

Demonstrates hands-on expertise in JavaScript, Java, Python, React.js, Node.js, Spring Boot, and modern database technologies. Passionate about building scalable, user-centric software solutions and continuously expanding technical competencies in DevOps, cybersecurity, and AI-driven systems.

Seeking opportunities to contribute to innovative software projects in dynamic organizations while growing as a professional Software Engineer.

WORK EXPERIENCE

(Currently focusing on academic and project-based development experience.)

Software Development Projects (Academic & Independent)

2023 - Present

Full-Stack E-Commerce Platform (Individual Project)

GitHub: <https://github.com/lahiru20028/lumora>

Small Business Order Management System (Individual Project)

GitHub: <https://github.com/lahiru20028/order-management-system>

Full-Stack Salon Management System (Group Project)

GitHub: <https://github.com/RukshanDinusha26/SaloonManagement>

Point of Sales (POS) System (Group Project)

GitHub: <https://github.com/RukshanDinusha26/PosLine>

Key Responsibilities & Contributions:

- Designed and developed scalable full-stack web applications using React.js, Node.js, Express.js, Spring Boot, and MongoDB/MySQL.
- Built and integrated RESTful APIs for secure data exchange and dynamic system functionality.
- Implemented authentication systems, CRUD operations, order processing, and inventory management modules.
- Designed structured database schemas with performance optimization and secure data handling practices.
- Applied responsive UI/UX principles using Tailwind CSS.
- Collaborated in team-based development environments following agile methodologies.
- Managed version control and code collaboration using Git and GitHub.
- Conducted debugging, testing, and system performance enhancements.

TECHNICAL SKILLS

Programming Languages:

JavaScript | Java | Python

Frontend Development:

React.js | Tailwind CSS | Responsive Web Design

Backend Development:

Node.js | Express.js | Spring Boot
RESTful API Development

Databases:

MySQL | PostgreSQL | MongoDB
Firebase

Mobile Development:

Flutter

DevOps & Tools:

Git | GitHub | Basic DevOps Practices
CI/CD Concepts

Networking & Security:

Network Fundamentals (CCNA Level)
Basic Cybersecurity Principles

Docker:

Containerization & Docker Products

LANGUAGES

- Sinhala - Native Proficiency
- English - Professional Working Proficiency

PROFESSIONAL QUALIFICATIONS

Networking & Cybersecurity

CCNA 200-301 Network Fundamentals

Simplilearn
June 2025 | Successfully Completed

Introduction to Cyber Security

Simplilearn
January 2026 | Successfully Completed

Software Development & DevOps

JavaScript for Beginners

Simplilearn
January 2026 | Successfully Completed

Introduction to DevOps Tools

Simplilearn
January 2026 | Successfully Completed

Project & Business Management

Project Management 101

Simplilearn
January 2026 | Successfully Completed

EDUCATIONAL QUALIFICATIONS

Bachelor of Information Communication Technology (Honours)

Faculty of Technology | Rajarata University of Sri Lanka, Mihintale, Sri Lanka
2023 - 2027 | Following

Specialization Areas:

- Full-Stack Development
- Software Engineering
- Database Systems
- Mobile Application Development
- Networking & Cybersecurity Fundamentals

RESEARCH INTEREST

AI-Integrated Open-Source Intelligence Framework for Automated Privacy Risk Assessment and Digital Footprint Mapping | Ongoing Academic Study

Focus Areas:

- AI-driven data analysis
- Privacy risk evaluation models
- Digital footprint assessment frameworks
- Cybersecurity analytics

COURSE & CERTIFICATIONS

Learning Docker

22 February 2026
2 Hours 6 Minutes
